[12.04.102 – Outdoor cafes and food carts in public places](#) [26]

1. The City Administrator is authorized to issue Sidewalk Café Permits for the use of public places located in the CBD-1 zoning district (except for public places located in the First Street TIF District, as hereinafter described), for the purpose of serving food and beverages to the public (including, without limitation, the placement of restaurant tables, chairs, food carts, and similar or related equipment), subject to the following conditions:
 1. Permits issued hereunder shall be valid from January 1 or the date of permit issuance, whichever is later, through December 31 of the same year. The permit fee for a Sidewalk Café Permit shall be fifty dollars (\$50.00) for each year the permit is obtained.
 2. A Sidewalk Café Permit shall be required prior to placing tables, chairs, umbrellas, enclosure fencing, food carts, or any other equipment on any public sidewalk, or walkway or plaza.
 3. Sidewalk Café Permits may be issued only where the equipment is incidental to the operation of a restaurant on private property contiguous to the sidewalk, walkway or plaza.
 4. The proposed use shall not unreasonably interfere with pedestrian or vehicular traffic or with access to parked vehicles, and in no event shall the uses permitted by a Sidewalk Café Permit reduce the open portion of any sidewalk or walkway to less than five feet (5') in width. All equipment placed in the public area shall conform with Section 12.04.200 of this Chapter as to corner visibility.
 5. Prior to issuance of a permit, the applicant shall furnish a dimensioned plan showing the sidewalk or other public space and all existing public improvements and encroachments such as light posts, benches, planters, trash receptacles, fences, trees and tree grates in the area, bicycle racks and newspaper boxes. The diagram shall also include the location of the curb relative to the building and the proposed location of all café furniture, food carts, and other equipment to be placed on the sidewalk.
 6. The consumption and possession of alcoholic beverages in the area for which a Sidewalk Café Permit has been issued shall be prohibited, except as allowed pursuant to Title 5, "Business Licenses and

Regulations,” Chapter 5.08, “Alcoholic Beverages,” Section 5.08.300, “Consumption and Possession of Alcoholic Liquor on Public Property.”

7. All applicable County Health Department sanitation requirements shall be followed for outdoor food handling. The permittee shall be responsible for posting the outdoor seating area as to any special Health Department requirements.
8. All public areas encompassed by the Sidewalk Café Permit shall be maintained in a sanitary manner at all times. Food scraps and containers shall be disposed of in appropriate refuse containers on a regular basis during the day by the permittee. Sweeping of refuse or food scraps into tree grates is not permitted.
9. Permittees are responsible for emptying the public trash containers placed by the City if they should become full prior to the next regular pickup time.
10. Permittees shall see that the public areas encompassed by their Sidewalk Café Permit are clean at the end of each business day, so as not to have any food or drink leftovers remaining which would pose an attraction to animals or insects. Each permit holder shall wash, as needed, the public area to remove any food or drink residue that may attract animals and/or create a pedestrian slip hazard.
11. Design and placement of tables and chairs, as well as other equipment, shall comply with applicable requirements of the Americans with Disabilities Act and the Illinois Accessibility Act.
12. No tables, umbrellas, enclosure fencing, or other equipment shall be attached or affixed to the sidewalk, parkway, poles or any other public facilities.
13. The applicant for a Sidewalk Café Permit shall provide at its sole cost and expense and shall maintain in effect during the entire period of the permit, insurance in the following manner:
 1. Worker’s Compensation Insurance in at least the required statutory limits;
 2. Comprehensive General Liability Insurance, including owner’s protective liability insurance and contractual liability insurance covering claims for personal injury and property damage with limits of at least two million (\$2,000,000.00) dollars per occurrence, and two million (\$2,000,000.00) dollars for any single injury; and
 3. Prior to issuance of a Sidewalk Café permit, the permittee shall provide the City with copies of the certificates of insurance for the required policies for each type of insurance naming the City as an additional insured party.
 4. The required insurance policies shall each provide that they shall not be changed or cancelled during the life of the Sidewalk Café Permit until 30 days after written notice of such change has been delivered to the City.
14. The permittee shall indemnify, defend, protect, and hold harmless the City, its corporate authorities, officers, employees, agents and volunteers from and against any and all claims, demands, losses, damages, liabilities, fines, charges, penalties, administrative and judicial proceedings and orders, judgments, remedial actions of any kind, all costs and cleanup actions of any kind, and all costs and expenses incurred in a connection therewith, including but not limited to a reasonable attorney’s fees, expert witness fees and costs of defense (collectively, the “Losses”) directly or proximately resulting from permittee’s acts or omissions, except to the extent that the city is the sole legal cause of said losses. The foregoing notwithstanding, under no circumstances shall the issuance of any permit provided for under the St. Charles Municipal Code, including but not limited to a Sidewalk Café Permit, to the permittee or any other person or entity constitute an act of negligence or willful misconduct. Nothing set forth in the said permit shall be deemed a waiver by the city of any defenses or immunities relating to the permittee or its property, or to any person or entity or their property, that are or would be otherwise available to the city or its corporate authorities, officers, employees, agents and volunteers under the common law of the State of Illinois or the United States of America. The provisions of this section shall survive the expiration or earlier termination of each Sidewalk Café permit, or the renewal thereof.
15. The City may suspend or revoke the Sidewalk Café Permit for any reason including, but not limited to

violations of any provision of the St. Charles Municipal Code after providing at least three (3) days written notice, except in an emergency, to a permittee.

2. The City Administrator is authorized to issue Sidewalk Café Permits for the use of public places located in the First Street TIF District for the purpose of serving food and beverages to the public (including, without limitation, the placement of restaurant tables, chairs, food carts, and similar or related equipment), subject to the conditions outlined above as 2. through 15., as well as the following additional conditions:
 1. No tables, chairs umbrellas, enclosure fencing, food carts, or any other equipment in the outdoor café area shall obstruct any access areas for emergency vehicles.
 2. If the outdoor café area is fenced in, the door that provides access to the outdoor café area shall not be a required exit for the building, tenant space or unit.
 3. Permits issued hereunder shall be valid for a term of one hundred (100) days or less and shall be issued for the period of April 15 (or the date of application, whichever is later) through July 23 and/or the period of July 24 (or the date of application, whichever is later) through October 31. The holder of a permit for April 15 through July 23 shall not have any automatic right to the issuance of a permit for the period of July 24 through October 31, but shall have the right to apply for a second permit. If a second permit is applied for within a calendar year, the permit fee for the second permit shall be twenty five dollars (\$25.00).

The First Street TIF District is described as follows: That part of the Northwest Quarter and the Southwest Quarter of Section 27, Township 40 North, Range 8, East of the Third Principal Meridian in the City of St. Charles, Kane County, Illinois described as follows: Beginning at the northeast corner of Block 44 in Original Town of St. Charles, said point also being the intersection of the south right-of-way line of Main Street (Illinois Route 64) and the westerly right-of-way line of 2nd Street (Illinois Route 31); thence easterly along said southerly right-of-way line to the west bank of the Fox River; thence southerly along said west bank to the southerly right-of-way line of Indiana Street; thence westerly along said southerly right-of-way line to the easterly right-of-way of 1st Street; thence southerly along the easterly right-of-way line of 1st Street to the northerly right-of-way line of Prairie Street; thence easterly along said northerly right-of-way line of Prairie Street to the northerly extension of the west line of Lot 5 in the Piano Factory of St. Charles Subdivision; thence southerly along the west line of said Lot 5 and the northerly extension thereof to the most southerly corner of said Lot 5; thence southwesterly along the extension of the southeasterly line of said Lot 5 to the westerly right-of-way line of 2nd Street (Illinois Route 31); thence northerly along said westerly right-of-way line of 2nd Street to the Point of Beginning.

12.04.104 – Sidewalk signs [30]

The City Administrator is authorized to issue Sidewalk Sign Permits for the use of public places located in the CBD-1 zoning district, for the purpose of erecting signs that advertise businesses located within the CBD-1 zoning district. The City Administrator may issue two types of Sidewalk Sign Permits:

Annual Sidewalk Sign Permits; and 2) Construction Sidewalk Sign Permits, subject to the following conditions:

1. Conditions applicable to all Sidewalk Sign Permits:
 1. A Sidewalk Sign Permit shall be required prior to placing any sign on any public sidewalk, walkway or plaza. The City hereby reserves the right to limit the number of Sidewalk Sign Permits issued to ensure the proper flow of pedestrian and vehicular traffic, and otherwise to protect the public health, safety and welfare. In that event, permit applications shall be processed and accepted on a first come, first served, basis.
 2. The sign shall not be attached or affixed to the sidewalk, parkway, pole or any other public facility.
 3. The sign shall not unreasonably interfere with pedestrian or vehicular traffic or with access to parked vehicles, and in no event shall the sidewalk sign reduce the open portion of any sidewalk to less than five feet (5') in width. The location and height of the sign shall conform with section 12.04.200 of this chapter as to corner visibility.
 4. The applicant for a Sidewalk Sign Permit shall provide, at its sole cost and expense, and shall thereafter maintain in effect during the entire period of the permit, insurance in the following manner:
 1. Worker's Compensation Insurance in at least the required statutory limits;
 2. Comprehensive General Liability Insurance, including owner's protective liability insurance and contractual liability insurance covering claims for personal injury and property damage with limits of at least two million (\$2,000,000.00) dollars per occurrence, and two million

(\$2,000,000.00) dollars for any single injury, and

3. Prior to issuance of a Sidewalk Sign Permit, the applicant shall provide the City with copies of the certificates of insurance for the required policies for each type of insurance naming the City as an additional insured party.
 4. The required insurance policies shall each provide that they shall not be changed or cancelled during the life of the sidewalk Café Permit until 30 days after written notice of such change has been delivered to the City.
 5. The permittee shall indemnify, defend, protect, and hold harmless the City, its corporate authorities, officers, employees, agents and volunteers from and against any and all claims, demands, losses, damages, liabilities, fines, charges, penalties, administrative and judicial proceedings and orders, judgments remedial actions of any kind, all costs and cleanup actions of any kind, and all costs and expenses incurred in a connection therewith, including but not limited to reasonable attorney's fees, expert witness fees and costs of defense (collectively, the "Losses") directly or proximately resulting from committee's acts or omissions, except to the extent that the City is the sole legal cause of said losses. The foregoing notwithstanding, under no circumstances shall the issuance of any permit provided for under the St. Charles Municipal Code, including but not limited to a Sidewalk Sign Permit, to the permittee or any other person or entity constitute an act of negligence or willful misconduct. Nothing set forth in the said permit shall be deemed a waiver by the city of any defenses or immunities relating to the permittee or its property, or to any person or entity or their property, that are or would be otherwise available to the City or its corporate authorities, officers, employees, agents, and volunteers under the provisions of the Illinois Local Government and Governmental Employees Tort Immunity Act, or that are otherwise available to local governments and their corporate authorities, officers, employees, agents and volunteers under the common law of the State of Illinois or the United States of America. The provisions of this section shall survive the expiration or earlier termination of each Sidewalk Sign Permit, or the renewal thereof.
 6. The City may suspend or revoke the Sidewalk Sign Permit for any reason including, but not limited to violations of any provision of the St. Charles Municipal Code after providing at least three (3) days written notice, except in an emergency, to a permittee."
2. Conditions applicable to Annual Sidewalk sign Permits:
1. Annual Sidewalk sign Permits issued hereunder shall be valid from January 1 or the date of permit issuance, whichever is later, through December 31 of the same year. The permit fee for an Annual Sidewalk Sign Permit shall be thirty dollars (\$30.00) for each year the permit is obtained.
 2. Annual Sidewalk Sign Permits may be issued only where the sign is incidental to the operation of a business on private property contiguous to the sidewalk, walkway or plaza. Only one Annual Sidewalk Sign Permit shall be issued for each business establishment, except that public service signs (i.e., signs indicating the curb location of valet parking or Health Department requirements for sidewalk cafes) may be permitted in addition to the one sign per business.
3. Conditions applicable to Construction Sidewalk Sign Permits:
1. From time to time the Director of Public Works shall designate certain areas of the CBD-1 Zoning District as "construction zones". Any area so designated shall be adjacent to a business or businesses. Said designation shall automatically expire upon the completion of construction activities. Within a designated construction zone, a Construction Sidewalk Sign Permit may be issued, regardless of whether an Annual Sidewalk Sign Permit has previously been issued. Signs permitted by a Construction Sidewalk Sign Permit may be located anywhere within the CBD-1 Zoning District, subject to the review and approval of the Director of Community Development in accordance with, but not limited to, all of the conditions of Subsections A and C of this Section 12.04.104. No more than one Construction Sidewalk Sign Permit may be issued for each business. Businesses may combine their advertising with up to four (4) businesses listed on each sign, and any one business may be listed on up to four (4) signs, but in no event shall the total number of Construction Sidewalk Sign Permits exceed one for each business.

2. Construction Sidewalk Sign Permits issued hereunder shall be valid for the duration of the Construction Zone designation. There shall be no permit fee for Construction Sidewalk Sign Permits.

[12.04.115 – Encroachments - Route 38](#) [33]

1. Definitions

1. Roadway Right of Way - Those areas existing or acquired by dedication or by fee simple for highway purposes; also, the areas acquired by temporary easement during the time the easement is in effect;
 2. Project Right of Way - Those areas within the project right of way lines established by the State which will be free of encroachments except as herein defined;
 3. Encroachment - Any building, fence, sign, or any other structure or object of any kind with the exception of utilities and public road signs, which is placed, located, or maintained in, on, under, or over any portion of the project right of way of the roadway right of way where no project right of way line has been established;
 4. Permissible Encroachment - Any existing awning, marquee, advertising sign, or similar overhanging structure supported from a building immediately adjacent to the limits of the platted street where there is a sidewalk extending to the building line and which does not impair the free and safe flow of traffic on the highway; the permissive retention of overhanging signs is not to be construed as being applicable to those signs supported from poles constructed outside the project right of way line and not confined by adjacent buildings;
 5. Construction Easement Area - That area lying between the project right of way limits and the platted street limits which will permit the State to enter to perform all necessary construction operations.
2. It shall be unlawful for any person, firm, or corporation to erect or cause to be erected, any ENCROACHMENT (hereinabove defined) within the limits of the project right of way or roadway right of way where no project right of way lines have been established.
 3. Project right of way lines have been established along Illinois Route 38 from Easterly corporate limit (generally referred to as 14th Street/Bricher Road) to Randall Road.

[12.04.130 – Poles and wires - Permission required for erection or maintenance \[36\]](#)

It is unlawful to erect any poles or wires or maintain any poles or wires over any public place, street, alley or other public way without first having secured permission from the city council.

([Prior code](#) [6]: § 12.113)

[12.04.135 – Underground sprinkling systems - Permission required for installation and maintenance in public right-of-way \[37\]](#)

It is unlawful to construct or install an underground sprinkling system or maintain an underground sprinkling system in any public place, street, alley or other public right-of-way without first having secured a permit agreement and building, right-of-way, and plumbing permits from the city. The permit agreement shall be executed by the Building Commissioner on behalf of the city. It is the owner's sole responsibility to maintain and repair the underground sprinkler system. The owner shall indemnify the city from any and all liability for damages or injury arising from the installation, operation, maintenance, or location of the underground sprinkling system. Applications for an underground sprinkling system to be installed in public right-of-way shall have a permit agreement and covenant attached, prepared by the applicant (adjacent property owner) and reviewed and approved by the Building Department, stating that he has read the requirements for an underground sprinkling system located in the right-of-way and that he agrees to comply with them and that he does for himself, his heirs, successors and assigns indemnify and hold harmless the city from any liability asserted by others in connection with the installation, operation, maintenance, or location of the underground sprinkling system and that they permit the removal of any underground sprinkling system by the city if the underground sprinkling system interferes with municipal use, access, or other rights. The covenant may be recorded at the applicant's expense by the city in the County Recorder's Office. In the event city shall determine it necessary to excavate or have access across the area with the underground sprinkling system, the applicant shall remove the underground sprinkler system at city's direction and in the event of the failure thereof, the city may remove the same at owner's expense. The city shall not be required to replace the same pursuant to removal of underground sprinkling system in any event. The form of the permit agreement and covenant shall be approved by the City Council.

12.04.140 – Gas pumps - Erection or maintenance on street or sidewalk prohibited
[39]

It is unlawful to maintain or erect any gasoline pump or tank in any public street, alley or sidewalk.

([Prior code](#) [6]: § 12.114)

12.04.150 – Openings or stairway - Permit required - Cover or railing required **[40]**

1. It is unlawful to construct or maintain any opening or stairway in any public street or alley or sidewalk or other public place without a permit from the city council.
2. All such lawfully maintained openings shall be guarded by a suitable strong cover or railing, with the approval of the director or public works.

([Prior code](#) [6]: § 12.115)

12.04.160 – Electric or barbed wire fences prohibited **[41]**

It is unlawful to maintain or construct any fence composed in whole or part of barbed wire, or with any similar materials, designed to cause injury to person, or any wire charged with electrical current, anywhere within the city except to protect industrial property in which case barbed wire must be at least six feet above the sidewalk and extend inward of the property.

([Prior code](#) [6]: § 12.116)

12.04.170 – Deposit on streets **[42]**

1. It shall be unlawful to deposit on any street any material which may make said street slippery including but not limited to leaves and grass or which may be harmful to the pavement or storm drain thereof, or any waste material, or any glass, or other articles which may do injury to any person, animal or property.
2. Where no other place is available, materials may be deposited in the street preparatory to delivery or use, with

the permission of the public works services manager, and notice to the city Police Department; provided, that such deposit does not reduce the usable width of the roadway at the point to less than eighteen feet; and provided, that such material, other than material to be used in actual building construction, shall not be permitted to remain on such street for more than three hours. Any such material shall be guarded by such lights and barricades as the public works services manager shall deem necessary.

3. It shall be unlawful to remove any snow or ice from any private property and deposit the same upon any public street or alley or any part thereof.
4. It shall be unlawful to operate any vehicle on any street, alley or other improved roadway when condition of said vehicle is such that soil, clay, mud, stone, gravel or other material drops or falls from the tires or any other part of said vehicle.
5. The city may, at its election, remove any materials deposited or dropped on any street, alley or other improved roadway within the city in violation of this section, and may charge the cost of said removal to the person responsible for said violation. In addition to the operator of the offending vehicle, both the owner of the vehicle and the owner of the property from which the offending vehicle has proceeded shall be considered responsible for said violation. Muddy tire tracks or other deposit trails leading from a parcel of property shall be considered prima facie evidence of violation of this section by the owner of said property. Even if the city removes said material and charges for said removal, the violator shall not be deemed to have avoided the violation of this section and shall remain liable for the fine provided for violation of this section in addition to the removal charge.

[12.04.175 – Spills from vehicles](#) [44]

1. No vehicle shall be so loaded that any part of its load spills or drops onto any street, alley or other improved roadway within the city.
2. No vehicle shall be operated on any street, alley or other improved roadway within the city, when the condition of said vehicle is such that soil, clay, mud, stone, gravel or other material drops or falls from the tires or any other part of said vehicle.
3. The driver or operator or person in charge or control of any vehicle propelled or moved upon any street, alley or other improved roadway within the city, from any part of which vehicle there has or is being dropped, expelled, ejected or detached upon or to said improved street, alley, or roadway, any soil, clay, mud, stone, gravel, concrete, concrete mix, wood, ashes, glass, or any kind of waste or refuse material, shall take or cause to be taken, all steps required to immediately remove such material from said improved street, alley or roadway.

([1989-M-80](#) [43]: § 1)

[12.04.180 – Deposit on sidewalks](#) [45]

1. It is unlawful to deposit on any public sidewalk any material which may be harmful to the pavement thereof, or

any waste material, or any glass or other articles which might cause injury to persons, animals or property.

2. Merchandise or other articles may be deposited on sidewalks preparatory to delivery; provided, that the usable width of the sidewalk is not thereby reduced to less than four feet; and, provided, that no such article shall remain on such walk for more than one-half hour.

([Prior code](#) [6]: § 12.118)

[12.04.185 – Snow Removal](#) [46]

It shall be unlawful for any person, firm or corporation to shovel, plow or remove snow from any private property or sidewalk and deposit the same on any public sidewalk or street within the City.

[12.08.010 – Permit required](#) [61]

No person, firm or corporation shall hereafter construct, build, establish or maintain any driveway and/or parking area over, across or upon any portion of the public sidewalk or public right-of-way without first having obtained a written permit to do so from the Director of Public Works or his designee. Except that when a driveway is included in an application for a permit for a single family dwelling or garage, the application for permit shall be submitted to the Building and Code Enforcement Division Manager per the authorization for the driveway and/or parking area shall be included in the building permit. Authorization shall be obtained from the City prior to construction, establishment or maintenance of a parking area within the public parkway. No permit shall be issued for construction or establishment of any such driveway and/or parking area except in accordance with the provisions herein contained.

Application for permit must be made in writing upon forms furnished by the City. Said application shall contain the name and address of the person, firm, or corporation making the application, the name of the contractor or person who is to construct said driveway and/or parking area and the proposed location and dimensions of such driveway and/or parking area. No parking areas shall be constructed, used or permitted in a public parkway adjacent to a residential use (dwelling; attached/detached single family, multiple-family, two family) in a residentially zoned district. Complete plans and specifications for any driveway and/or parking area, except where included in a building permit application for a single family dwelling or garage, shall be submitted to the Building and Code Enforcement Division Office at least thirty (30) days before permit is desired. The City may refuse to issue a permit for a driveway in instances where it is deemed by the Director of Public Works and the Building and Code Enforcement Division Manager that the proposed driveway will interfere with the operation and/or maintenance of public utilities and/or vehicular traffic.

[12.08.020 – Bond](#) [64]

Before issuance of any such permit the contractor or person proposing to construct such parking area shall file with the City, on a form approved by the City, a permit bond or performance bond in the amount of \$10,000.00 (City of St. Charles listed as beneficiary). This Bond will assure all work, including restoration, is performed in accordance with Chapter 12.30 of the St. Charles Municipal Code. The Permit bond or Performance bond must be an original copy issued by the Bond Insurance carrier, and/or agent; facsimiled copies will not be accepted. The Bond Insurance carrier and/or agent shall save harmless, defend and indemnify the City against or on account of accidents, damages, or claim

arising out of or during the construction of any parking area laid by the said contractor. All such bonds shall be valid for a minimum of a one-year term.

([2009-M-35](#) [62]: § 1)

[12.08.021 – Insurance requirement](#) [65]

Before issuance of any such permit the contractor or person proposing to construct such parking area shall file with the City an original copy of a Certificate of Liability Insurance in accordance with Chapter 13.22.008 of the St. Charles Municipal Code.

([2009-M-35](#) [62]: § 1)

[12.08.030 – Fees](#) [66]

The fee for driveway and right-of-way construction permits shall be in accordance with 15.101.150 “Permit and Inspection Fees.”

([2009-M-35](#) [62]: § 1)

[12.08.040 – Supervision](#) [67]

All such work except driveway constructed in conjunction with single family dwellings and garages shall be done under the jurisdiction of the Director of Public Works and in accordance with the ordinances of the City; and upon completion shall be inspected by such Director or his designee. All driveways constructed in conjunction with single family dwellings and garages shall be done under the jurisdiction for the Building Commissioner and in accordance with the ordinance of the City; and upon completion shall be inspected by such Building Commissioner or his designee.

[12.08.050 – Specifications](#) [68]

All plans and specifications must conform to the following minimum requirements before permit for construction or reconstruction shall be permitted.

1. Construction material is to be concrete or asphalt.
2. The contractor or other permittee will pay for construction materials, labor and design.
3. Design and material specifications shall be in accordance with the 'Standard Specifications for Road and Bridge Construction' and supplemental specifications of the current edition by the Illinois Department of Transportation, three copies of which are and have been on file in the City Clerk's Office for at least thirty (30) days prior to the adoption of this Ordinance, which specifications and special provisions are incorporated herein by reference unless otherwise superseded by this title, said specifications and special provisions being sometimes referred to herein as 'Standard Specifications'.
(Ord. 2009-M-35 § 1; Ord. 1984-M-71 § 1.)
4. For parking areas in public parkways the following additional conditions shall apply:
 1. The area must be designed by a professional engineer registered in the State of Illinois.
 2. The professional engineer shall certify that the parking area will not interfere with safe passage of traffic, will not interfere with existing or proposed pedestrian walkways, and will not interfere with the operation, installation or maintenance of utilities, including but not limited to water, sanitary and storm sewer, electric, telephone, gas, cable television and shall comply with Title 18 Storm Water Management Ordinance.
(Ord. 2009-M-35 § 1.)
 3. The permittee shall provide a contractor's affidavit and lien waivers in accordance with the Illinois Mechanics Lien Act prior to approval of the parking area by the City. The permittee shall pay for the material and labor costs incurred by the City to restore the parking areas as a result of the installation, operation and/or maintenance of any public utility within the parking area.
(Ord. 2009-M-35 § 1.)
 4. All parking areas shall be in accordance with Chapter 17.24 Off Street Parking, Loading, and Access in the St. Charles Municipal Code.
(Ord. 2009-M-35 § 1.)
 5. Minimum setback from corners and driveways.
 - (a) Parallel - 20 feet
 - (b) Straight - 20 feet
 - (c) Diagonal - 20 feet
 6. Where practical and reasonable and at the discretion of the City Council, landscape areas may be required to compensate for all or a portion of the lost public parkway vegetative area.

[12.08.060 – Driveway grade surfaces](#) [69]

No driveway shall be so constructed or graded as to leave a step, a sharp depression or other obstruction on the sidewalk. The grade shall be as nearly as possible the same as that of the adjoining sidewalk. It is unlawful to have the surface finish of any driveway, where the same crosses the sidewalk constructed of such materials as to render it slippery or otherwise hazardous to pedestrians, to have the grade of such portion vary from the grade of the sidewalk, or be other than level, or to obstruct the surface drainage.

[12.08.070 – Driveway construction specifications](#) [70]

Driveways across sidewalks shall be constructed in compliance with Chapter 12.30 Street Improvements. Where concrete curb and gutter and concrete sidewalk exists, or where installation is imminent, such as would be the case in a new subdivision, then the driveway approach shall be constructed of asphalt or concrete.

[12.08.080 – Driveway and/or parking area repair and maintenance](#) [71]

It shall be the duty of the person benefiting from the driveway to keep the driveway and driveway approach on public right-of-way in good repair and free from obstruction and openings. Snow removal from parking areas, driveway and driveway approaches is the responsibility of the owner of the property adjacent the parkway where the parking area, driveway or driveway approach is located.

Restoration obligations. In the event it becomes necessary for the City or its contractors to perform any maintenance or repairs within the City right of way (R.O.W.), the owner agrees that by taking out a permit, the city or its contractors may remove or dig up the ‘nonstandard pavement’ defined as brick pavers or stamped concrete/bituminous asphalt without notice to the owner. In this event, neither the City or its contractors have any obligation to replace, repair or otherwise reconstruct the “nonstandard pavement”; the responsibility and the cost thereof shall be the obligation of the owner. The Director of Public Works or his designee may, however, authorize a partial cost reimbursement which would reflect the City’s cost to repair only the disturbed portion of the “nonstandard pavement.” Said reimbursement will be based on the current city secured unit cost for asphalt or concrete based on existing conditions. The owner understands, acknowledges and accepts any and all responsibility for repair, restoration and any and all other work necessary to restore Non-Standard Pavement as a result of City damage during use or access of public R.O.W. shall be owner’s responsibility. The City shall have no responsibility under any condition for repair or restoration of Non-Standard Pavement.

([2007-M-55](#) [72]: § 1; [2007-M-5](#) [73]: § 1)

[12.08.090 – Ownership](#) [74]

All driveways and parking areas within the public parkway are and shall remain public property irrespective of how and when installed. Parking areas within the parkway may be altered or removed at any time at the sole discretion and direction of the City Council.

[12.08.100 – Penalty](#) [75]

Any person, firm or corporation violating any provision of this Chapter shall be fined not less than Five Dollars (\$5.00) nor more than Five Hundred Dollars (\$500.00) for each offense shall be deemed committed on each day during or on which a violation occurs or continues.

Sections

- 12.10.010 – Parkway maintenance responsibility
- 12.10.020 – Parkway plantings
- 12.10.030 – Mailboxes

[12.10.010 – Parkway maintenance responsibility](#) [78]

1. It is the responsibility of the owner of the lot or parcel adjacent to the parkway to mow the lawn areas of the parkway. The height of such grass lawn areas shall be governed by Section 8.28.020. If the owner does not maintain the grass lawn area to height requirements, the nuisance will be handled in accordance with Chapter 8.28.
2. Exceptions to the responsibility set forth herein are described in the “Lawn Maintenance Agreement” which is annually executed by the City of St. Charles with the St. Charles Park District.
3. It is the responsibility of the owner of the lot or parcel privately served by a sidewalk, approach type, to maintain and repair such sidewalk, approach type.

[12.10.020 – Parkway plantings](#) [79]

The owner of the lot or parcel adjacent to the parkway may install private plantings in said parkway, subject to the following restriction:

1. Private plantings shall not be installed in such a manner as to interfere with the accessibility to public and private utility infrastructure appurtenances. A clearance area around a public or private utility appurtenance shall be maintained with turf in accordance with the City's Engineering Design and Inspection Policy Manual, Planting Guidelines Detail. The city or its designee shall have the right to remove private plantings within the parkway to perform maintenance work on existing public or private utilities, and shall not be required to replace the plantings so removed, but shall only be required to apply grass seed in such areas.
2. Private plantings shall not be installed in such a manner as to interfere with the usage of public sidewalks or to cause unsafe passage of the same (Refer to "Standard Planting parkway Detail" in the City's Engineering Design and Inspection Policy Manual).
3. Private plantings shall not create an obstruction when vehicle occupants exit or enter vehicles parked along the edges of public roadways (Refer to "Standard Planting Parkway Detail" in the City's Engineering Design and Inspection Policy Manual).
4. The height of private plantings shall not exceed the maximum vertical height as defined in the "Standard Planting Parkway Detail" in the City's Engineering Design and Inspection Policy Manual, except as may be specifically authorized by the Director of Public Works or designee. Notwithstanding the maximum allowable vertical height set forth herein, private plantings at street intersection shall not be installed so as to interfere with motorists' sightlines. If the Director of Public Works determines that such interference exists, the owner shall remove such plantings, or trim them down to a height specified by the Director of Public Works.
5. Private plantings shall not be installed within the parkway in such a manner as to interfere with the natural drainage of storm water. Private plantings shall be placed in such a manner as to provide stabilization for existing loose soils, in conformance with the adopted Kane County Stormwater Ordinance: Article 3 "Erosion and Sediment Control (NRCS)"; Sect: 300.b.
6. No private plantings shall be installed that would be considered a public health nuisance or would be considered to be hazardous to the public's well-being as referenced in Section 12.20.070 and chapter 8.28 or determined by the Director of Public Works or designee.
7. The owner of the lot or parcel adjacent to the parkway who installs private plantings within the parkway shall be responsible for all maintenance and trimming of such plantings utilizing good standard Arborist practices or as directed by the Director of Public Works or designee. If the plantings die or are otherwise removed, the parkway must be planted with grass seed or sod.
8. In the event of a conflict between the provisions of this chapter and the provisions of a recorded easement over a parkway, the more stringent provisions shall apply.
9. Planting of trees and shrubs in the parkway is governed by chapter 12.20.

12.10.030 – Mailboxes [80]

1. Mailboxes shall be installed at a minimum height of 42" above grade and a maximum of 48" above grade. The face of the box shall be a minimum of 12" and a maximum of 18" from the back of the curb or edge of the pavement as the case may be. Mailbox installation procedures shall follow the standards identified by the United States Postal Services (www.usps.com [81]).

2. Definitions. For purposes of this Section, the following definitions shall apply:
 1. “Standard mailbox” means a 4-inch by 4-inch wooden post, meeting the standards for height and set-back as prescribed by the United States Postal Service, with a plastic or aluminum containment box affixed to the top of post.
 2. “Specialty mailbox” means a mailbox that is constructed of a rigid or alternative material such as masonry, brick, block, decorative steel, or other non-standard composite.
3. Installation of a specialty mailbox shall require a right-of-way permit from the City prior to installation, pursuant to the following procedures and conditions:
 1. An application for such permit shall be pursuant to the City’s standard application form.
 2. The maximum base size of a specialty mailbox shall not exceed 3’ x 3’.
 3. The maximum height of a specialty mailbox shall not exceed 5.5’.
 4. The location of the specialty mailbox shall be approved by the City as part of the permit approval process.
 5. The City shall require that a “covenant running with the land” outlining owner’s responsibilities and liabilities, in the City’s standard form, be recorded with the appropriate County Recorder’s Office.
 6. Issuance of a permit by the City shall not be construed to mean that the proposed specialty mailbox meets the standards of, or has been approved by, the United States Postal Service. Any relocation or replacement of a specialty mailbox required by the United States Postal Service shall be at the owner’s sole expense.
4. The owner of the lot or parcel adjacent to the parkway shall be responsible for all costs associated with maintaining, replacing or relocating the mailbox located thereon; provided, however, that any mailbox, whether standard or specialty, that is damaged due to City actions such as snow plowing or construction activities, or that needs to be relocated due to the change of the roadway width by the City, shall be replaced and installed by the City with a standard mailbox. At the option of the owner of the lot or parcel, in lieu of such replacement and installation, the City shall pay to the owner a sum of money equal to the cost of materials of a standard mailbox. In such case, it shall be the owner’s responsibility to install and, if necessary, relocate a replacement mailbox.

12.12.010 – Numbering plan established [83]

All lots, buildings and structures in the city shall be numbered in accordance with the following plan: Numbers, as hereinafter designated, are allotted all streets in the city and the basis for such allotment shall be one hundred numbers to each city block, even numbers on the northerly side of all streets running in a northerly and southerly direction; and odd numbers on the southerly side of all streets running in an easterly and westerly direction, and on the westerly side of all streets running in a northerly and southerly direction, and that base street for allotting and designating all numbers shall be as follows:

1. East Main Street shall be the base for all east numbers on the east side of the Fox River.
2. Fifth Avenue shall be the base for all north numbers north of East Main Street on the east side of the Fox River.
3. Seventh Avenue to the intersection with Jefferson Avenue, and the "Moore Road" from said intersection to the southerly city limits, shall be the base for all south numbers south of East Main Street on the east side of the Fox River.
4. West Main Street shall be the base for all west numbers on the west side of the Fox River.
5. Fifth Street shall be the base for all north numbers north of West Main Street on the west side of the Fox River.
6. Third Street and Anderson Boulevard shall be the base for all south numbers south of West Main Street on the west side of the Fox River.

([Prior code](#) [6]: § 10.501)

12.12.020 – Chart showing street numbers to be kept by the city clerk [84]

The city clerk shall keep a chart showing the proper street number of every lot in the city which chart shall be open for inspection by anyone interested therein.

([Prior code](#) [6]: § 10.502)

12.12.030 – Owner's responsibility to place number on structure - Penalty for violation [85]

It shall be the duty of the owner and occupant of every single-family and multiple-family dwelling structure in the city to cause every principal building or structure to have posted thereon figures showing the number of that building or structure. It shall further be the duty of the owner and respective occupants of all structures or portions thereof for which an address has been assigned, other than one-family and two-family dwelling structures, in the city to have posted thereon within ten feet of all exterior doors figures showing the number assigned to that structure or portion thereof. Said figures shall be in Arabic numbers which shall be a minimum of three inches in height and of

proportionate width, of contrasting color to the mounting surface, and be affixed in such a place to be easily and distinctly read and in plain view from the street. All such numbers shall be placed within ten feet of the front door and shall be visible from the street abutting the front yard. In the event the front door is not on the side of the building or structure facing the street, the requirement of being within ten feet of the front door shall not apply. In an area where the numbers are on a curbside mail box, such numbers shall be on the side of approaching traffic. During construction, buildings shall have temporary numbers affixed to or painted on the structure. This section shall not apply to existing buildings and structures already numbered in a place visible from the street, but shall apply if such numbers are replaced. Any person, firm or corporation failing to so number any principal building or structure owned or occupied by him or it, after receiving notice to do so from the city clerk, shall be fined one dollar for each day on which the failure to so number continues, and each day shall be considered a separate violation.

[12.20.050 – Tree Commission duties](#) [99]

1. Duties – The Tree Commission shall perform the following duties:

1. Within a reasonable time after the appointment of the Tree Commission, upon call of the Chairperson of the Tree Commission, the Tree Commission shall meet and adopt rules of procedure for regular and special meetings to fulfill the duties imposed upon it by this Chapter.
 2. The Tree Commission shall advise and consult the Government Services Committee on any matter pertaining to the matters covered in this Chapter and its enforcement. The topics under which this advice and consultation may be given may include, but are not limited to, any of the following:
 1. Amendment to this Chapter and alteration or revisions of the urban Forestry Plan;
 2. Policy concerning selection, planting, maintenance, and removal of trees and shrubs within the City;
 3. Recommend allocation of funds and expenditures of funds by Department of Public Works for planting and maintenance of trees and shrubs on city-owned property or right-of-way.
 4. Establishment of educational and informational programs including, but not limited to, yearly Arbor Day celebration.
(Ord. 2012-M-47 § 5.)
 3. The Tree Commission, with the assistance of the Public Works Department and City Arborist, shall develop, and each subsequent year, update the urban Forestry plan. The plan shall outline urban forestry program activities for a minimum of the next five years. This plan shall describe the urban forestry activities to be undertaken by the city, the reasons for those activities, the possible funding source(s), the means of accomplishing the activities, the alternatives available to the city to fund or accomplish the activity, the projected date of completion and the consequences if the activity is not completed. Activities may include, but are not limited to street tree inventory, planting, tree removal, beautification projects and educational projects.
 4. The Tree Commission, with the assistance of the Public Works Department and the City Arborist, shall develop and periodically review and revise, as necessary, the Trees and Shrub ordinance. This ordinance shall contain regulations and standards for the planting, maintenance and removal of trees and shrubs upon city-owned property and right-of-way.
(Ord. 2012-M-47 § 5.)
 5. The Tree Commission shall cause the Urban Forestry Plan and the Trees and Shrub Ordinance, and all revisions and amendments to it, to be published and promulgated and shall cause copies of the ordinance and all revisions and amendments to it, to be available for public inspection at the office of the City Clerk. The Trees and Shrub Ordinance and any revisions and additions thereto shall become effective upon the effective date of any ordinance approving the ordinance or revision or amendments thereto.
 6. The Tree Commission shall inform the public about the activities of the Tree Commission.
 7. The City shall issue such permits as are required by this Chapter and shall obtain as a condition precedent to the issuance of such permits the written agreement of each person who applies for such permits that he or she will comply with the requirement of this Chapter, the Urban Forestry Plan and with the regulations and standards of the Tree and Shrub Ordinance. The Public Works Department shall have the right to inspect all work performed pursuant to such permits. If the Public Works Department finds that the work performed is not in compliance with the requirements of this Chapter, the Urban Forestry Plan or with the regulations or standards of the Tree and Shrub Ordinance, the Public Works Department shall provide written notice of his/her finding to the permit applicant. The notice shall contain a copy of Section 12.20 of this Chapter, and the permit shall be nullified and shall be void and the Public Works Department may issue a written order that the permit applicant cease and desist all work for which the permit was required. The permit applicant shall be subject to penalty under the terms of the Ordinance. The Public Works Department may take steps to correct the results of the non-complying work and the reasonable costs of such steps shall be charged to the permit applicant.
2. Public Utility Companies
- Nothing in this section shall be construed to exempt public utility companies or their agents from any of the

requirements of this Ordinance.

12.20.060 – Permits [100]

1. Scope of Requirements

No person or contractor may perform any of the following acts without first obtaining from the City, a permit for which no fee shall be charged. Nothing in this section shall be construed to exempt any person from the requirements of obtaining any additional permits as are required by law. Persons obtaining such permits must have a qualified tree expert. No work shall be done without the City's Arborist approval.

1. Plant on city-owned property or right-of-way, remove or otherwise disturb any tree, shrub, or stump located on city-owned property. Except that this provision shall not be construed to prohibit owners of property adjacent to city-owned property from watering, pruning or fertilizing without a permit, any tree or shrub located on such city-owned property.
(Ord. 2012-M-47 § 5.)
2. Trim, prune or remove any tree or portions thereof if such tree or portions thereof reasonably may be expected to fall on city-owned property and thereby to cause damage to persons or property.
3. Mulch applied to City R.O.W. trees must meet with ISA standards. Mulch should not be in contact with trees. No volcano mulching. Mulch should be 2"- 4" thick but dished at trunk to keep mulch from contacting trunk.
4. Planter boxes that are added after a tree has been planted can only be approximately 4"- 6" higher than root flare. Materials added to box cannot cover root flare or come into contact with trunk. No existing planter boxes can be grandfathered in. Any plants or planter boxes damaged in the removal or maintenance of tree is homeowner's responsibility.
5. No vegetation shall be planted that interferes with the inspection of the root flare or trunk for parkway tree. Any damage or removal to said vegetation shall not be replaced and is not the responsibility of the City of St. Charles.
6. Place on city-owned property or right-of-way, either above or below ground level, a container for trees or shrubs.
7. Damage, cut, tap, carve or transplant any tree or shrub located on city-owned property or right-of-way.
8. Attach any rope, wire, nail, sign, poster or any other man-made object to any tree or shrub located on city-owned property.
(Ord. 2012-M-47 § 5.)

2. Issuance

Within seven days of receipt of the application, the Public Works Department shall issue a permit to perform within thirty days of the day of issuance any of the acts specified in Parts (A) and (B), immediately above, for which a permit is requested whenever:

1. Such acts would result in the abatement of a public nuisance; or
2. Such acts are not inconsistent with the development and implementation of the Urban Forestry Plan or with any regulations or standards of the Tree and Shrub Ordinance; and whenever
3. An application has been signed by the applicant and submitted to the Public Works Department detailing the location, number, size and species of trees or shrubs, that will be affected by such acts, setting forth the purpose of such acts and the methods to be used, and presenting any additional information that the Public Works Department may find reasonably necessary;

(Ord. 2012-M-47 § 5.)

4. The applicant agrees to perform the work for which the permit is sought in accordance with the provisions of this Ordinance, the Urban Forestry Plan.
5. The applicant certifies that he or she has read and understands those provisions of the Urban Forestry Plan, this Chapter and of the Ordinance which are pertinent to the work for which the permit is sought.
6. If the work for which a permit is issued entails the felling of any tree or part thereof, located on private property, which, as a result of such felling reasonably may be expected to fall upon city-owned property or right-of-way, and if such felling is done by one other than the owner of the property on which such felling is done, the applicant agrees to indemnify and to hold the city of St. Charles harmless for all damages resulting from work conducted pursuant to the permit and deposits with the City Clerk a Liability Insurance Policy in the amount of \$100,000 per person/\$300,000 per accident for Bodily Injury Liability and \$50,000 aggregate for Property Damage Liability, which policy shall name St. Charles as an additional insured.

3. Public Utility Companies

Nothing in this section shall be construed to exempt public utility companies or their agents from any of the requirements of this Ordinance.

4. Exceptions

The following persons are exempt from permit requirements noted above:

1. The Public Works Department
2. Persons hired by or agents of the Public Works Department with proof of insurance
3. Persons performing work within city right of way authorized by an approved subdivision
4. Building permit or right-of-way permit
5. Those acts which the Director of Public Works determines are immediately necessary because of public health and safety hazards

[12.20.070 – Public nuisance – Trimming or removal required \[101\]](#)

1. Definition

The following are hereby declared public nuisances under this Chapter:

1. Any dead or dying tree or shrub, whether located on city-owned property or right-of-way or which affects or may affect city owned property or right-of-way;
 2. Any otherwise healthy tree or shrub, whether located on city-owned property or right-of-way, which harbors insects or diseases which reasonably may be expected to injure or harm any tree or shrub;
 3. Any tree or shrub, or portion thereof, whether located on city-owned property or right-of-way, or on private property, which affects or may affect city-owned property or right-of-way, which by reason of location or condition constitutes an imminent danger to the health, safety or welfare of the general public;
 4. Any tree or shrub or portion thereof whether located on city-owned property, or right-of-way, private property which affects or may affect city-owned property or right-of-way, which obstructs the free passage of pedestrian or vehicular traffic or which obstructs a traffic control device on city property;
- (Ord. 2012-M-47 § 5.)

2. Right to Inspect

The officers, agents, servants and employees, of the city have the authority to enter onto private property

whereon there is located a tree, shrub, plant or plant part which is reasonably suspected to be a public nuisance, but only to the extent necessary to confirm whether a public nuisance exists.

3. Abatement

The following are the prescribed means of abating public nuisances under this chapter;

1. Any public nuisance under this chapter which is located on city-owned property or right-of-way shall be pruned, removed or otherwise treated by the Public Works Department in whatever fashion is required to cause the abatement of the nuisance within a reasonable time after its discovery.
2. Any public nuisance such as: Dutch elm disease, Emerald ash borer, and Oak wilt but not restricted to only these nuisances under this chapter which is located on privately-owned property shall be pruned, removed, or otherwise treated by the property owner or his/her agent in whatever fashion is required to cause the abatement of the nuisance. No property owner may be found guilty of violating this provision unless and until the following requirements of notice have been satisfied:
 1. The Public Works Department shall cause a written notice to be personally served or sent by Certified Mail to the person to whom was sent the tax bill for the general taxes for the last preceding year, or an adult resident or operator of the premises;
 2. Such notice shall describe by legal description or by common description the premises;
 3. Such notice shall state the actions that the property owner or occupant may undertake to abate the nuisance;
 4. Such notice shall require the elimination of the nuisance within thirty days of the date of service of the notice, or such shorter period of time as is deemed necessary for public safety and welfare by the Public Works Department.
 5. In the event that the nuisance is the Emerald Ash Borer (EAB) the resident shall have until the end of the current or next flight season, as the case may be, to remove infested trees. Flight season runs from May 1 through July 31.
(Ord. 2008-M-75 § 1.)
3. The Public Works Department is empowered to cause the immediate abatement of any public nuisance provided that the nuisance is determined by the Public Works Department to be an immediate threat to any person or property.

12.20.080 – Care and maintenance required [102]

Proper maintenance and care shall be given all newly planted trees and shall be replaced by the party responsible for the new tree if not alive one year after date of planting. The party responsible for maintenance of right-of-way parkway should also be responsible for maintenance (water, fertilizer) of trees in the parkway.

([1998-M-28](#) [90]: § 1)

12.20.100 – Wires and poles [103]

It is unlawful to attach any wire or rope to any tree or shrub on any public street, parkway or other public place without the permission of the director of special services. Any person or company which maintains poles and wires in the streets, alleys or other public places, shall in the absence of provision in the franchise covering the subject, keep such wires and poles free from and away from any trees and shrubs in such places as far as possible, and shall keep all such trees and shrubs near such wires and poles properly trimmed, subject to the supervision of the Director of Public Works or his designee, so that no injury shall be done either to the poles or wires or to the shrubs and trees by their contact.

([1998-M-28](#) [90]: § 1; [Prior code](#) [6]: § 12.510)

[12.20.110 – Violation and penalty](#) [104]

Any person who violates any provision of this chapter or who fails to comply with any notice issued pursuant to the provisions of chapter, upon being found guilty of violation, shall be subject to a fine not to exceed Seven Hundred Fifty (\$750.00) Dollars for each separate offense, and each day during which any violation of the provisions of this chapter shall occur or continue shall be a separate offense. If, as the result of the violations of any provisions of this Ordinance, the injury, mutilation or death of a tree or shrub located on city-owned property or right-of-way is caused, the cost of repair or replacement of such tree or shrub shall be borne by the party in violation. The replacement value of trees and shrubs shall be determined in accordance with the latest revision of A Guide to the Professional Evaluation of Landscape Trees, Specimen Shrubs and Evergreens, as published by the International Society of Arboriculture.

- 12.30.190 – Corrective actions

[12.30.010 – Purpose](#) [106]

The purpose of the chapter is to provide standards for designing and constructing street improvements to enhance the safe passage of vehicular and pedestrian traffic; and to regulate, guide and control the development of street designations in such a manner as to manage and control traffic volumes, and the design and construction of street systems.

[12.30.020 – Other permits](#) [107]

Before starting any of the work regulated by this chapter, an applicant shall comply with the provisions of this Chapter and all other applicable provisions of the St. Charles Municipal Code relating to the submission and approval of preliminary and final subdivision plats, improvement plans, building and zoning permits, inspections, appeals and similar matters, and such State and Federal Statutes and Regulations as may be applicable.

12.30.030 – Definitions [108]

For the purposes of this chapter the following definitions are adopted:

1. Contractor. The individual, firm, partnership or corporation contracting with the developer for the construction of prescribed work.
2. Developer. The individual, firm, partnership or corporation planning, initiating and/or managing the street improvement which may be the owner of the land on which the improvement is being constructed.
3. Curbing. The portion of the street improvement primarily constructed to direct surface storm water to a collection point.
4. Materials. Any substances specified for use in the construction of the street improvement and its appurtenances.
5. Median. The portion of a divided street separating the traveled ways for traffic in opposite directions.
6. Pavement Structure. The combination of base, and surface course materials placed on a subgrade to support the traffic volume and weight for distribution to the roadbed.
7. Plans. The plans view, profiles, cross sections, working drawings and supplemental drawings, or exact reproduction thereof, which shows the location, character, dimensions and details of the work to be done.
8. Right-of-way. A strip of land occupied or intended to be occupied by a street, sidewalk and/or railroad, and by electrical transmission lines, oil or gas pipelines, water mains, sanitary or storm sewer mains, trees, and/or for other special uses. The usage of the term "right-of-way" for land-platting purposes shall mean that every right-of-way hereafter established and shown on a final plat is to be separate and distinct from the lots or parcels adjoining such right-of-way and not included within the dimensions or areas of such lots or parcels. Rights-of-way intended for streets, crosswalks, water mains, sanitary sewers, storm drains, trees, or any other use involving maintenance by a public agency shall be dedicated to public use by the make of the plat on which such right-of-way is established.
9. Roadbed. The graded portion of a street within side slopes, prepared as a foundation for the pavement structure and shoulders or curbing.
10. Roadway. The portion of the right-of-way within limits of construction.
11. Shoulder. The portion of the roadway contiguous with the traveled way for accommodation of stopped vehicles, for emergency use, and for lateral support of base and surface courses.
12. Sidewalk. That portion of the right-of-way primarily constructed for the use of pedestrians.
13. Storm Drainage System. Shall include but not be limited to storm sewer piping, catch basins, manholes, inlet grates and related appurtenances capable of collecting and transporting a 10-year storm frequency based on ISWS Bulletin 70 (dated 1989) rainfall intensities without street flooding or damage to property.
14. Street. That portion of the roadway primarily constructed for use of vehicles.
15. Street Improvements. Any work related to maintaining safe pedestrian and vehicular traffic, and enhancement of the right-of-way.
16. Subgrade. The top surface of a roadbed upon which the pavement structure and shoulders are constructed.
17. Utility. The privately, publicly or cooperatively owned lines, facilities and systems for producing, transmitting or distributing communications, power, electricity, light, heat, gas, oil, crude products, water, steam, waste, storm water not connected with the highway drainage, and other similar commodities, including combined antenna television cables and equipment, and publicly owned fire and police signal systems and street lighting systems, which directly or indirectly serve the public or any part thereof. The term "utility" as the context shall require, shall also mean the utility company, inclusive of any wholly owned or controlled subsidiary.

18. Work. Work shall mean the furnishing of all labor, materials, equipment, and other incidentals necessary or convenient to the successful completion of the project.

([1993-M-52](#) [109]: § 1)

[12.30.040 – Applicability](#) [110]

This chapter shall apply to all subdivisions, Planned Unit Developments and Plats of Dedication for Streets, where an engineering plan is approved after the effective date of this chapter. This chapter shall also apply to an unsubdivided parcel of land or to a portion or all of subdivided area where street improvements are proposed.

[12.30.050 – Standards for street design](#) [111]

1. General Requirements

1. All streets shall be properly integrated with the existing and proposed systems of thoroughfares and dedicated right-of-way as established on a City designated official map and/or a City adopted Comprehensive Plan.
2. Rights-of-way and all road geometry shall be designed in accordance with the designations found in the Comprehensive Plan and shall conform to the dimensions as stated in the Engineering Design and Inspection Policy Manual.
3. No half width street improvements shall be permitted.
4. New streets shall not use the name of any street already used in the City or its environs, unless the street is an extension of an already named street or part of a through street.
5. All through streets shall be extended to the boundaries of the subdivision.
6. All street widths are measured from back to back of curbs, except Residential Estate area roadways, which are measured from edge to edge of driving surface.
7. Street signs shall be installed by the developer in accordance with current City standards. Should the City need to install any signs the developer shall be required to pay for the costs, including labor and materials, for these sign installations.
(Ord. 2012-M-45 § 3.)

2. Layout and Design

1. All streets shall be properly related to special traffic generators such as industries, business districts, schools, churches, and shopping centers; to population densities; and to the pattern of existing and proposed land uses.
2. Minor or local streets shall be laid out to conform as much as possible to the topography, to discourage use by through traffic, to permit efficient drainage and utility systems, and to require the minimum number of streets necessary to provide convenient and safe access to property.

3. Intersections

1. The intersection of two streets shall form a 90 degree angle where the centerlines cross along

tangent sections for each street. Where one of the street alignments is a horizontal curve, the tangent of the second street shall pass through the curve center of the intersecting street. At no time shall two curved streets intersect. See Table I in the Engineering Design and Inspection Manual for all Right-of-way width and pavement dimension requirements.

2. Street intersections shall be designed to encourage safe and efficient traffic flow. The intersection of more than two streets shall be avoided. Should specific conditions of design indicate that the intersection of more than two streets is necessary; the developer shall obtain approval from the Director of Public Works prior to proceeding with Final Engineering Plans.
4. Culs-De-Sac
 1. No cul-de-sac street shall be more than five hundred feet (500') in length measured along its centerline from the street of origin to the end of its right-of-way, unless there are less than sixteen lots abutting the cul-de-sac street
 2. Each cul-de-sac shall have a terminus of nearly circular shape with a minimum diameter of one hundred twenty feet (120').
5. For temporary dead-end streets, a temporary T-shaped or circular turnaround is required at the street end. If no curb cuts for driveway access or other access are intended and if in accordance with generally accepted engineering principles no safety or maintenance problems are apparent as determined by the Director of Public Works, the director may waive the turnaround requirement. The turnaround surface shall be constructed of asphalt or concrete materials.
6. Combination concrete curb and gutter shall be constructed as part of the pavement, except for streets in areas zoned "Residential Estate" per Title 17, "Zoning." Roadways in areas zoned "Residential Estate" may be constructed without combination curb and gutter provided the flow velocity of water in the ditches will not exceed four feet per second.

[12.30.060 – Standards for street light systems \[117\]](#)

1. General Requirements:

1. Street light will be installed by Developers, including conductors, poles and fixtures, at all intersections and culs-de-sac and at other locations, as necessary, along the City streets, in accordance with Standard Drawing No. 2 or No. 3.
2. Developers shall be responsible for the design and installation of all street lighting systems within the City in full compliance with all applicable standards for performance necessary to ensure the security and safety of the public.
3. The City shall have the right to review street lighting system designs submitted by Developers, in advance of such street light system installations, and to make modifications it considers necessary to ensure that the lighting systems are designed in compliance with the City's own requirements and standards of construction.
4. Developers shall pay for all of the costs of construction, including labor and materials, as necessary for the successful installation of street lighting systems installed under the terms and conditions of this Ordinance.
5. Variations from the requirements included as part of the Standard Drawings may be granted if in accordance with prudent engineering practices and if approved, in advance and in writing, by the

Director of Public Works or his designee, and the City Council.

6. Developers shall assume complete responsibility for the maintenance of developer-installed street lighting systems for a period of one-year from the date of initial energization.
7. After developer-installed lighting systems are installed and working for a full year, the City shall perform an end-of-year inspection of such facilities. If the City determines, during the course of the inspection of such facilities, that such systems are fully functional and operational, and in full compliance with the City's standards, the City shall have the right, but not the obligation, to retain ownership of such facilities, including perpetual responsibility for maintenance.

2. Standards of Construction

All new street lighting systems installed within the City shall be designed and installed in accordance with the following general standards:

1. Street lighting systems shall be designed in compliance with all applicable standards for performance necessary to ensure the security and safety of the public.
2. The conductors for all new street lighting systems shall be installed exclusively underground.
3. Street lighting system lighting standards shall be installed at or near lot lines or property lines, as the case may be, in an effort to keep the lighting standards as close as is practical to the source of power.
4. Developer shall make all reasonable efforts, in the design of street lighting systems, to avoid the crossing of streets, sidewalks and driveways with lighting conductors.
5. The Director of Public Works or his designee shall have the option of selecting Option No. 1 or Option No. 2 for the basic standard and luminaire selection for any new Development in accordance with the standards hereinafter set forth:

3. Street Light Additions in Existing Overhead Areas

This provision allows for the addition of street lights in existing overhead areas and may be of either standard street light design (STD. DRW. No. 2 or STD. DRW. No. 3) or may be mast arm mounted on a wood pole as determined by City staff and other facilities in the area. New light must be installed within City rights-of-way, along streets or alleys.

1. If the new light is requested by a resident, the resident must obtain written approval from all other property owners within 300 feet of the location of the light. The cost of the light will be divided equally between the City and the requesting property owner/owners. The energy and maintenance will be supplied by the City as with other street lights.
2. If the new light is requested by the City (by the Director of Public Works or designee) for security or other reasons, City staff will determine the appropriate location and type of street light and install at City's expense. Resident approval is not required by City requested lights.
Option No. 1: As detailed in Standard Drawing No. 2. 12.30.050 (L)
Option No. 2: As detailed in Standard Drawing No. 3. 12.30.050 (L)

[12.30.070 – Traffic signals](#) [121]

The City may require the developer to install traffic signals at intersections in accordance with design standards of the Illinois Department of Transportation. Should traffic signals not be warranted immediately, but in the future not to exceed five years after 100% build out of the platted area, or if the intersection is not part of a subdivision plat within

five years following the recording of the plat of street dedication, at the election of the City, the City and developer shall enter into a signalization agreement, whereby the developer or a designated special service area would at a future date pay a portion of the cost of traffic signals. The need for traffic signals will be based upon Illinois Department of Transportation warrant standards.

[12.30.080 – Storm drainage system](#) [124]

Storm drainage systems shall be installed including appropriate stormwater retention and detention facilities in accordance with Titles 16 and 18 of the St. Charles Municipal Code. The proposed storm drainage system shall discharge into an existing storm sewer or drainage way such that the existing system has adequate capacity for the additional flow and adequate provisions shall be made for surface overflow when the capacity for the additional flow and adequate provisions shall be made for surface overflow when the capacity of the storm drainage system is exceeded to ensure that buildings are not flooded or threatened by flooding.

[12.30.090 – Median and parkway areas](#) [127]

1. All parkways within the right-of-way shall be cleared of all stumps, rocks, trees that cannot be saved and construction debris and shall be graded with a minimum of four inches of topsoil and seeded or sodded.
2. Median and parkway areas shall provide for drainage to the storm drainage system.
3. Street trees shall be placed along the right-of-way in accordance with Chapter 12.20 “Trees and Shrubs”.
4. The creation of land strips for landscaping or other purposes shall not be permitted adjacent to a proposed street right-of-way in such a manner as to deny access from adjacent property to such street right-of-way.
5. Disposal of excess material, excluding topsoil, shall be the responsibility of the contractor. Regarding excess topsoil, the City may elect to have the contractor, with developer approval, stockpile this material for municipal use at a later date.

[12.30.100 – Certification of documents](#) [131]

All computations, plans and specifications prepared for compliance with this chapter shall be certified by a registered professional engineer, and a copy thereof submitted with the engineering plans for the street improvement.

([2012-M-45](#) [112]: § 3)

12.30.110 – Preliminary engineering plans and final engineering plans [132]

Preliminary and final engineering plans are required for the (re)construction of all new or existing streets. Submitted plans shall conform with the requirements established in Title 16, Chapter 16.06, “Plan Submittal Requirements.”

([2012-M-45](#) [112]: § 3)

12.30.120 – Plats of dedication – Fees – Collateral [133]

1. For all subdivisions and Planned Unit Developments, the developer shall submit to the City a Final Plat of Subdivision for street improvements in accordance with the requirements of Title 16, “Subdivisions and Land Improvements.” For all other types of proposed streets, the developer shall submit a Plat of Dedication in accordance with state statute.
2. The developer shall pay the City for all costs incurred in relation to the street improvement project including the following:
 1. Engineering review of the preliminary and final engineering plans, and construction inspection.
 2. Court reporter fees.
 3. Recording fees.
3. The developer shall provide a guarantee for the payment and completion of the street improvements in accordance with Title 16, Section 16.04.100, “Guarantee for Completion of Land Improvements.”

([2012-M-45](#) [112]: § 3)

12.30.130 – Variances [134]

The City Council may grant variances from the regulatory standards of this chapter, in lieu of any other variance procedure, in accordance with the following requirements:

1. Application: An application for a variation may be made by any person, firm or corporation, or by any office, department, board, bureau or commission of the City of St. Charles. An application for a variance is filed with the Director of Public Works. An application for a variation shall be on a form provided by the Director of Public Works and shall contain all information required on such form including the following:
 1. Legal description of property for which a variation is requested;

2. The requested variation identified;
 3. The reasons which applicant relies upon as justifying the requested variation;
 4. An 8-1/2" x 11" sketch of the property showing all lot lines, street improvements, and adjoining streets.
2. Notice of Hearing: No variation shall be granted by the City Council except after a public hearing before the City Council, of which there shall be a notice of the time and place of the hearing published at least once, no more than 30 days nor less than 15 days before the hearing, in one or more newspapers published in the City of St. Charles, Illinois.
3. Hearing: The City Council shall hold a public hearing at which evidence in support of the variation may be presented by or on behalf of the applicant and any evidence presented by interested parties may be heard.
4. No variance shall be granted unless the applicant for the variance can demonstrate that:
1. An exceptional economic hardship would result without the variance;
 2. The relief granted is the minimum necessary;
 3. There will be no threat to public safety or creation of a nuisance;
 4. No additional public expense will result;
 5. The property in question cannot yield a reasonable return if permitted to be used only under the condition allowed by the regulations governing the district in which it is located;
 6. The plight of the owner is due to unique circumstances, or;
 7. The variation, if granted, will not alter the essential character of the locality.

([2012-M-45](#) [112]: § 3)

[12.30.150 – Interpretation](#) [136]

In the interpretation and application of this chapter, the provisions expressed herein shall be held to be the minimum requirements and shall be liberally construed in favor of the City of St. Charles and shall not be deemed a limitation or repeal of powers granted by state statutes.

([2012-M-45](#) [112]: § 3)

[12.30.160 – Abrogation and greater restrictions](#) [137]

It is not intended by this chapter to repeal, abrogate or impair any existing easements, covenants or deed restrictions.

However, where this chapter imposes greater restrictions, the provisions of this chapter shall prevail.

([2012-M-45](#) [112]: § 3)

12.30.170 – Disclaimer of liability [138]

This chapter shall not create liability on the part of the City of St. Charles or any officer or employee thereof for any damages which may result from reliance on this chapter or on any administrative decision made thereunder.

([2012-M-45](#) [112]: § 3)

12.30.180 – Penalty [139]

Any person who violates any provision of this chapter or fails to comply with any of its requirements shall upon conviction thereof be fined not more than \$500 (Five Hundred Dollars), each day such violation continues shall be considered a separate offense.

([2012-M-45](#) [112]: § 3)

12.30.190 – Corrective actions [140]

Nothing herein contained shall prevent the City of St. Charles from taking such other action as it deems necessary to prevent or remedy a violation of this chapter.

The purpose of this Chapter is to promote and protect the public health, safety and welfare by establishing the Corridor Improvement Program and providing for the administration thereof. The Corridor Improvement Program is intended to improve the aesthetics of Eligible Properties by providing financial assistance to property owners or tenants to subsidize the construction of Eligible Improvements. Said improvements shall:

1. Enhance the overall economic vitality and character of the City through improvement of private property and public rights of way adjoining eligible properties; and,
2. Protect the general welfare by aesthetically enhancing Eligible Properties; and,
3. Create and maintain physical improvements that enhance community character by providing unique and familiar visual features.

[12.40.020 – Definitions](#) [147]

As used in this Chapter, the following terms shall have the meanings set forth herein:

Corridor Improvement Agreement

An agreement between a property owner or tenant and the City that provides for the amount of the Corridor Improvement Grant, the improvements to be completed and the responsibilities of the property owner or tenant.

CIC

The St. Charles Corridor Improvement Commission.

Title 12 - Streets, Sidewalks, Public Places and Special Events

Corridor Improvement Grant or Grant

Financial assistance to Grant Recipients to reimburse the cost of Eligible Improvements. Grants may be awarded in the specific forms set forth in the program description attached to this Ordinance as Exhibit “A”, and incorporated herein by this reference. “Eligible Improvements”: The design, purchase and planting or construction of Landscaping Materials on an Eligible Property, including related site preparation.

Eligible Properties

Properties located within the corporate limits of the City of St. Charles and have frontage on main Street (Route 64), Randall Road, Lincoln Highway (Route 38), Kirk Road, are located in the Downtown Special Service Area (SSA-1B), located in a public right-of-way adjoining an Eligible Property, or in one of the Key Gateway areas identified in Exhibit A.”

Grant Recipient

The owner of record, tenant of an Eligible Property or such other party having a legal interest therein or a non-profit 501(c)(3) organization that is installing Landscaping Materials on an Eligible Property.

Landscaping Materials

Plants, trees, shrubs, bulbs, flowers, hardscape materials (decorative fencing, berming, decorative walls, statuary, and the like), and other similar elements approved by CIC.

[12.40.030 – Corridor Improvement Commission: membership](#) [152]

1. Establishment. The St. Charles Corridor Improvement Commission is hereby established.
2. Authority. The CIC shall have only those powers and duties provided for in this Chapter 12.40.
3. Membership. There shall be seven (7) members of the CIC, appointed by the Mayor with the advice and consent of the City Council.
4. Qualifications. CIC members shall be chosen based upon their professional knowledge, commitment to the community and who are:
 1. A design professional such as a landscape architect, landscape designer or artist; or
 2. A land development professional such as a real estate developer, realtor, construction contractor/planner or civil engineer; or
 3. The owner or manager of a business located in the City of St. Charles; or
 4. An “at large” member who resides in the City corporate limits, but does not necessarily own a business or work within the City; or
 5. Possess other beneficial skills that include, but are not limited to financial/accounting knowledge, interest in the arts (especially a working knowledge of public art) and riverfront issues such as design or ecology.
5. Terms.
 1. Except as provided for herein, members shall be appointed to a term of three (3) years. Of the first five (5) members of the Board, two (2) members shall serve from their dates of appointment through April 30, 2010, and three (3) members shall serve from their dates of appointment through April 30, 2011.

2. All future terms shall expire on April 30 of the last year of their respective terms. Members whose terms have expired shall continue to serve until a successor is appointed, except if a member is removed for cause.
6. Removal. Members may be removed from the CIC for cause, upon the recommendation of the Mayor or a motion proposed by the City Council, by a two-thirds (2/3) majority vote of the City Council. Any member of the CIC who fails to attend one-third (1/3) or more of the meetings held within any six (6) month period may be so removed.
7. Compensation. No person shall receive compensation for serving as a member of the CIC.
8. Officers. The CIC shall elect from its membership a chairperson and a vice-chairperson, and such other officers as it may determine. Officers shall serve for terms of one (1) year, commencing May 1 and ending April 30 of the following year, and shall be eligible for re-election.
9. Quorum. A quorum shall consist of a majority of the members then sitting on the CIC. Official actions shall be made by a majority of those members present at any meeting where a quorum exists.
10. Meetings. Meetings shall be held at regularly scheduled times or at the call of the chairperson in accordance with the Illinois Open Meetings Act. Minutes of the proceedings of each meeting shall be made and kept as required by law.

([2009-M-8](#) [150]: § 1; [2001-M-24](#) [153]: § 1)

12.40.040 – Duties of the Corridor Improvement Commission [154]

1. Duties. The CIC shall perform the following duties:
 1. Adopt rules of procedure for regular and special meetings to fulfill the duties imposed upon it by this Chapter, consistent with Robert's Rules of Order (10th Edition).
 2. Review all applications for Corridor Improvement Grants.
 3. Make recommendations to the City Council for approval of Corridor Improvement Grants.
 4. Advise the City Council on any matter pertaining to this Chapter and its enforcement, including, but not limited to, the following:
 1. Amendments to this Chapter.
 2. Policy concerning streetscape (both public and private streetscape).
 3. Administration of the Corridor Improvement Grant Program.
2. Coordination with other City Commissions. The recommendations and policies of the CIC shall complement the recommendations, decisions, and policies of the Plan Commission, Tree Commission and Historic Preservation Commission. Any recommendation, proposed policy, or proposed work in conflict with other City Commissions shall be resolved by the City Council.

([2009-M-8](#) [150]: § 1)

12.40.050 – Grant application procedure [155]

1. Applications for Corridor Improvement Grants shall be made to the CIC by completing the application form available from the Community Development Department.
2. The CIC shall evaluate all Grant applications based upon its ability to satisfy the goals and priorities of the CIC.
3. The CIC shall consider all applications at one or more of its public meetings. The CIC shall render a decision to recommend approval or denial of the Grant application in a timely manner.
4. The City Council shall consider the recommendations from the CIC in making decisions regarding approval of Grant applications.
5. Grants shall be awarded to reimburse Grant Recipients for costs as set forth in this Ordinance.

([2009-M-8](#) [150]: § 1; [2001-M-24](#) [156]: § 1)

12.40.060 – Corridor Improvement agreements [157]

Grant Recipients shall execute a Corridor Improvement Agreement in a form satisfactory to the City. The terms of said Agreement shall include, but not limited to:

1. The Corridor Improvement Grant shall only be used for Eligible Improvements.
 1. The Eligible Improvements shall exceed the minimum landscaping requirements of St. Charles Title 17 of the City Code (Zoning Ordinance) and all other provisions of the City Code. In the event that an Eligible Property is subject to a Planned Unit Development (PUD), the proposed improvements must exceed the landscaping required by the applicable PUD landscape plan.
 2. Only projects that include improvements considered “above and beyond” any improvements required by Title 17 of the City Code (Zoning Ordinance) as determined by recommendation of the Corridor Improvement Commission and approved by the City Council are eligible for reimbursement. Landscape materials and quantities that only meet the minimum requirements of the Zoning Ordinance will not be considered for a Corridor Improvement Grant.
 3. In no event shall Corridor Improvement Grant funds be used for permit or other fees imposed by a governmental entity.
2. Eligible Improvements shall be completed in strict accordance with a landscaping plan approved by the CIC. Approved landscape plans shall comply with the City Code and the program description. The Director of Community Development may, at his or her discretion, approve minor revisions to said plan due to the unavailability of Landscape Materials, delayed due to weather, availability of materials or other circumstances beyond the reasonable control of Grant Recipients.
3. Eligible Improvements shall be completed in a timely manner.
 1. All Eligible Improvements shall be completed within two hundred-seventy (270) calendar days of the execution of the Corridor Improvement Agreement. The City may, at its sole discretion, authorize an extension of up to two hundred-seventy (270) calendar days. In the event that the Eligible Improvements are not complete in the time provided by the Corridor Improvement Agreement (or extension thereof as the case may be) the City shall not be obligated to reimburse Grant Recipients after the date of expiration.
 2. Construction of the Eligible Improvements shall not commence prior to the execution of the Corridor Improvement Agreement; improvements constructed prior to the execution of said Agreement shall not be eligible for Grant funds.
4. Disbursement procedures; reimbursement of costs.
 1. Upon completion of the Eligible Improvements, Grant Recipients shall submit copies of all design

invoices, contractor's statements, other invoices, proof of payment and notarized final lien waivers to the Director of Community Development. Grant funds shall not be disbursed without supporting documentation.

2. Notwithstanding any other provision herein, the Director of Community Development may, at his or her discretion, authorize disbursement of Grant funds before the Eligible Improvements are completed if:
(a) at least forty percent (40%) of the Eligible Improvements are constructed; and (b) design invoices, contractor's statements, other invoices, proof of payment, and notarized final lien waivers have been submitted; and (c) the completion of the remaining Eligible Improvements are delayed due to weather, unavailability of Landscaping Materials or other circumstances beyond the reasonable control of the Grant recipients.
5. Grant Recipients shall maintain the Eligible Improvements without alteration for five (5) years after the execution of the Corridor Improvement Agreement. A restrictive covenant limiting alterations may be required by the City Council at the time of approval of the Corridor Improvement Agreement; the City Council may subsequently waive the requirement following a recommendation from the Corridor Improvement Commission and Director of Community Development, upon submittal of evidence of hardship or unusual circumstances.
6. Grant Recipients shall expressly acknowledge that Corridor Improvement Grants may be subject to Federal, State and local taxes and as such, they have consulted with their attorney or tax advisor. Grant Recipients shall provide the City with their social security or taxpayer identification number and such other information as may be required by the City.
7. To the fullest extent permitted by law, Grant Recipients shall agree to indemnify, defend, protect and hold harmless the City. The terms of said indemnification and hold harmless shall be set forth in the Corridor Improvement Agreement.
8. Grant Recipients shall purchase and maintain general liability insurance naming the City as additional insured party as set forth in the Corridor Improvement Agreement.
